General specifications of the IT FR14 50.10 panel

Panel made of galvanised steel tubes.

Upper and lower crossbeams with vertical bars traversing them and welded perpendicularly.

Posts made of galvanised tube with bracket clamp for recessing or with base plate to be screwed in. Simultaneous installation which is carried out by placing the post followed by the panel and the next post.

Surface finishing

IT PINT

Steel + galvanising + plasticising

IT PINT PLUS

Steel + Sendzmir galvanising + primer + plasticising

IT PINT ULTRA

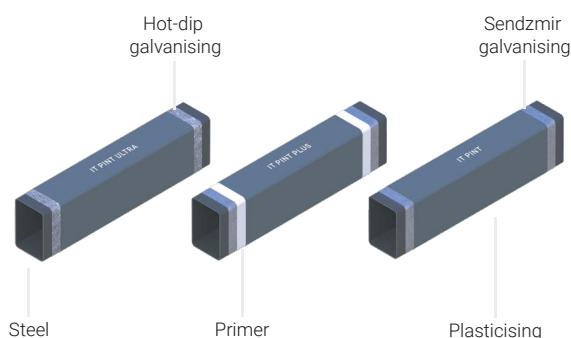

Steel + hot-dip galvanising + primer + plasticising

Standard RAL

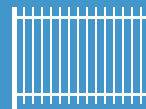

Example of special textured RAL colors

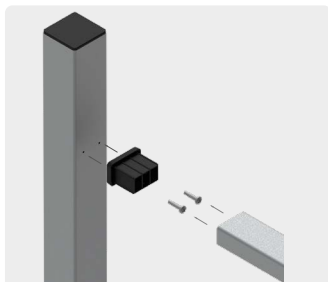

All finishes have a nanotechnological passivation layer between the steel and the primer or plasticiser.

Any colour from the RAL chart.
