General specifications of the IT FR14 Bambú 26 panel

Panel made of galvanised steel tubes. Upper and lower crossbeams with vertical bars welded on both sides.

Posts made of galvanised tube with bracket clamp for recessing or with base plate for screwing. Fixing system with polyamide part. Simultaneous installation which is carried out by placing the post followed by the panel and the next post.

Surface finishing

-  **IT PINT**
Steel + galvanising + plasticising
-  **IT PINT PLUS**
Steel + Sendzmir galvanising + primer + plasticising
-  **IT PINT ULTRA**
Steel + hot-dip galvanising + primer + plasticising

All finishes have a nanotechnological passivation layer between the steel and the primer or plasticiser.

Any colour from the RAL chart.
