Specifications of the swimming pool enclosure

Modular enclosure designed to act as a protection system and prevent access to the pool by children under 5 years of age. It can be manufactured with Ø 25 x 1.5 mm round bars. Ø 60 x 1.5 mm pillars for recessing or with CEEN plate and bracket clamps.

The door is manufactured with a 40 x 40 x 1.5 mm tubular frame and safety fittings that specifically comply with AFNOR standards. Featuring a TWIST 40 lock with a dual-action mechanism to operate the opening, only one adult can open the gate. SWING 40 spring hinge with closing regulator.

Surface finishing

IT PINT
Steel + galvanising + plasticising

IT PINT PLUS
Steel + Sendzmir galvanising + primer + plasticising

IT PINT ULTRA
Steel + hot-dip galvanising + primer + plasticising
